Vision

To achieve excellence by providing value based education in Computer Science and Engineering through innovation, teamwork and ethical practices.

Mission

Network laboratory equipped with Acer systems running Ryzen 7 5700G with Radeon Graphics, 16GB RAM, 1TB HDD, 64-bit OS, 20 total PCs.

LAB-302 IoT and Machine Learning Lab

Equipped with ACXXEL systems running 11th Gen Intel Core i7-11700, 8GB RAM, 1TB HDD, 64-bit OS, 15 total PCs.

LAB-303 Database & Software Lab

LAB-315 Advance Computing Lab

Equipped with Dell systems running Intel Core i7, 8GB RAM, 1TB HDD, HP Z240 Tower Workstation graphics card.
